

# Be a Data Integration Ninja.

Webinar: August 22, 2018,  
11:00AM EST

The ninja employs unusual but potent tactics in the execution of his task. So do we.

At Matillion, we reconfigured the traditional ETL process to create an ELT tool with greater speed and efficiency than any other data-integration product on the market.

In our next webinar, certified Data Integration Ninja and Head Product Development Manager Dave Langton will reveal to you its hidden mysteries...also known as best practices.

Learn the ins and outs of the best ETL tool on the market today.

Join our next webinar to:

- ✓ Discover time-saving shortcuts you can employ with Matillion
- ✓ Find out the quickest way to get started
- ✓ Learn how to cut down on load times
- ✓ Hear insider tips and tricks for working with Amazon Redshift, Google BigQuery, and Snowflake
